“ Rest easy my sweet cousin. I am definitely gonna miss you. I know another birthday will not go by without you in my heart and on my mind. We were blessed to share that day. And yes we were ten years apart but I remember all the phone calls and birthday wishes we shared to each other... I remember watching you cut hair when I was small and I looked up to you... And I tried to learn (and I did a little). You had a sweet, loving soul. I remember you showing up at my house in the past and you would have flowers for me that you picked on the way there. It always made me smile, you were that type of thoughtful and precious. And all the compliments you said to me about being a great mom (thanks). I wish I could have seen you again to let you know how much you meant to me. Cause I didn't enough... I thank God for blessing me with you and I'm gonna miss you. Love you Patty (Trish) Until we see one another again rest in peace... Prayers to all the extended family and friends.

“ I will always remember how she loved her maternal grandmother. She would take a piece of her Grandmothers clothing with her when she spent the night without her to feel close to her. I am so sorry Cheryl for your extreme losses you have recently experienced. No Mother should have to lose their children. I can not imagine your heartbreak. May God bless you! Wanda
